

Fiori BI Launchpad

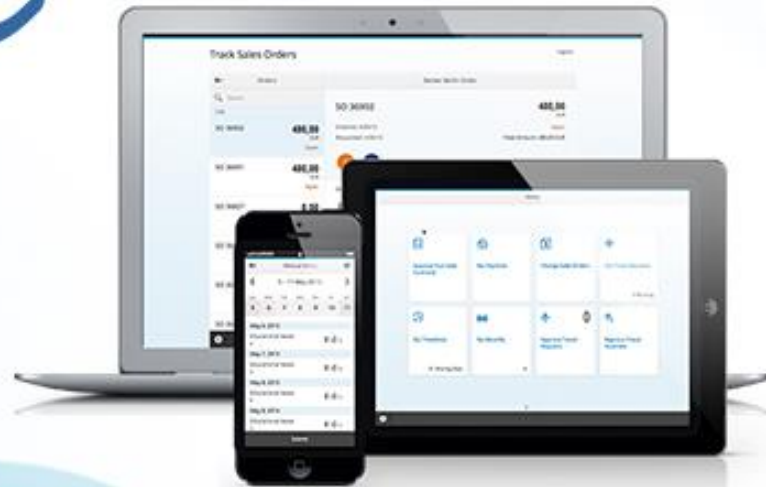

Rajesh Ponnuram

#LetsSpeakBO

Fiori

***SAP Fiori** is the new user experience (UX) for SAP software. It applies modern design principles for a completely reimagined user experience.*

[SAP Support Portal

The screenshot displays the SAP Support Portal interface. At the top, there is a navigation bar with a home icon, a back arrow, the SAP logo, and the text 'Launchpad Personalization'. To the right of this bar is a 'Knowledge Base' dropdown menu, a search input field with the placeholder 'Enter search term', and icons for search and voice search. Further right are notification and user profile icons, with the user name 'Rajesh Ponnuram (S001161)' visible.

Below the navigation bar is a 'Search in Tile Catalog...' search bar. The main content area is divided into two sections:

Newly Released

- Chat With an Expert**: Get Real-Time Support. Includes a '+', a chat icon, and the text 'Begin a chat session'.
- Favorite Incidents**: Includes a '+', a star icon, and the text 'Not authorized - click to request'.
- My Products**: Includes a '+', the number '3', and the text 'Favorite Products'.
- Schedule an Expert**: Contact SAP. Includes a '+', the number '0', and the text 'Upcoming sessions'.

Incident Management

- Draft Incidents**: Includes a checkmark icon, the number '0', and the text 'Not sent to SAP'.
- Find a Solution**: Includes a '+', a document icon, and the text 'Report an incident'.
- High Priority**: Includes a '+', the number '0', and the text 'P1 & P2 incidents'.
- Legacy Incidents**: Includes a '+', a document icon, and the text 'Not authorized - click to request'.
- No Updates**: Includes a '+', and the text 'Not authorized - click to request'.
- Open Incidents**: Includes a checkmark icon, three dots, and the text 'Outstanding incidents'.
- Solution Proposed**: Includes a '+', three dots, and the text 'Need confirmation'.

[BI LaunchPad - Fiori Based Navigation

The screenshot displays the SAP BI LaunchPad Fiori navigation interface. At the top, there is a header bar with the SAP logo and the text "BI Launch Pad". Below the header, there is a navigation bar with tabs: "My Home", "Schedule", "Inbox", "Folders", and "Recycle Bin". A "Show All" dropdown menu is also visible. The main area contains a grid of report tiles, each with a title, a timestamp, and an icon representing the report type (Crystal Reports, Text, or Web Intelligence). The tiles are organized into three rows and ten columns.

[BI LaunchPad - Fiori Based Navigation

The screenshot displays the SAP BI LaunchPad Fiori navigation interface. At the top, the header includes the SAP logo and the text "BI Launch Pad". Below the header, a navigation bar contains tabs: "My Home", "Schedule", "Inbox", "Folders", and "Recycle Bin".

The main content area shows a grid of document tiles. A red box highlights a "Show All" dropdown menu on the left, which lists "Show All", "Recent", "My Documents", "All Categories", and "My Favorites". The tiles display document names, dates, and icons (e.g., "RTF", "Text").

Below the main content area, a "BI Web Services Xcelsius" section is visible. A red box highlights a "BI Launch Pad" dropdown menu on the right, which lists "Opened Documents", "Product Groups by State_Filt...", and "Product Groups by State_w_...".

The bottom section shows a file explorer view. The left pane displays a tree structure of folders, including "My Folders", "Public Folders", "Auditing", "Connection Test", "Data Federation", "Infosol", "InfoSol Training", "InfoSol Training Dashboards", "InfoSol Training ICE", "InfoSol Training IDT", "LCM", and "Monitoring Report Sample". The right pane displays a table of documents.

[Schedules and Recycle Bin

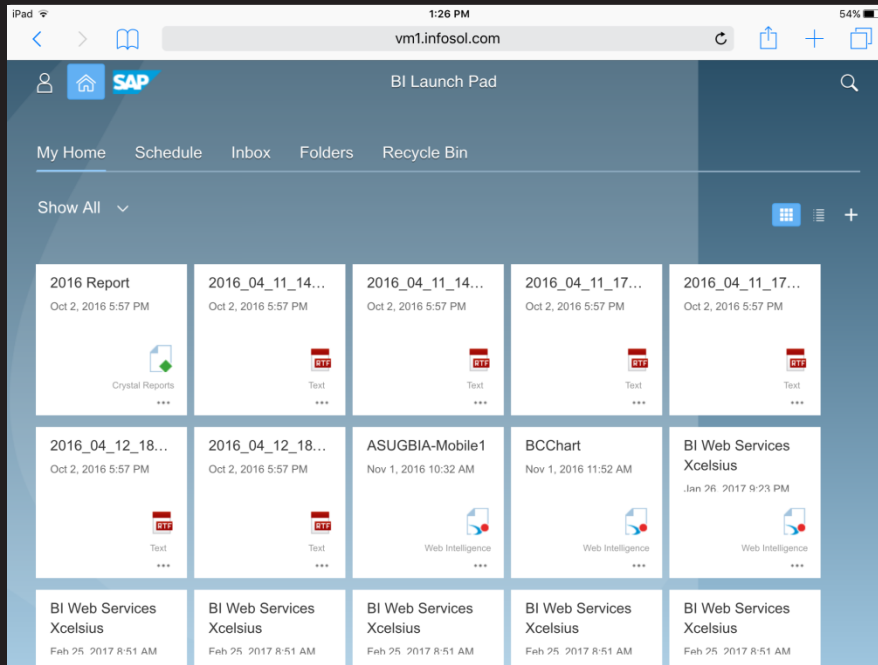

The screenshot displays the SAP BI Launch Pad interface. The top navigation bar includes a user profile icon, a home icon, the SAP logo, and the text 'BI Launch Pad' with a dropdown arrow. A search bar is located on the right. Below this, a secondary navigation bar contains tabs for 'My Home', 'Schedule', 'Inbox', 'Folders', and 'Recycle Bin'. The 'Schedule' and 'Recycle Bin' tabs are highlighted with red rectangular boxes. On the left side, a sidebar menu shows a tree structure under 'Public Folders', with 'Infosol' selected and highlighted in blue. The main content area shows the 'Public Folders / Infosol /' path. A table lists folders with columns for 'Title', 'Type', and 'Last Updated'. A context menu is open over the table, showing 'New Folder' and 'Upload Document' options.

[WebI Report Navigation

[Web Filters for User navigation

The screenshot shows the SAP BI Launch Pad interface. At the top, there's a header bar with a user icon, a home icon, the SAP logo, and the text "BI Launch Pad". Below this is a toolbar with icons for "Report 5 (5)", a save icon, a refresh icon, a filter icon (highlighted by a yellow arrow), and a menu icon. A yellow callout box points to the filter icon with the text "Five types of Webi filters in a single location". Below the toolbar, the report is displayed for the year "2007". The report contains a table with 6 columns: Product Group, Customer State, Customer City, Revenue, Number of Products, and Number of Orders. The table lists data for various California cities. At the bottom of the report, there's a navigation bar with a list icon, a back arrow, a page indicator "1 / 1+", a forward arrow, a search icon, a print icon, and a link icon.

[WebI Filters for User navigation

The screenshot displays the SAP WebI interface. At the top, the SAP logo and 'BI Launch Pad' are visible. Below the navigation bar, a red box highlights the filter section, which includes 'Prompts', 'Product Group', 'Customer Group', and 'Drill filters'. Callouts identify 'Document Input Control' for the filter bar, 'Query Prompt' for the prompts section, 'Report Input Control' for the customer group filter, and 'Element Linking' for the drill filters. The main content area shows a table titled 'Product Groups By State' with columns for Product Group, Customer State, Customer City, Revenue, Number of Products, and Number of Orders. A second table on the right shows 'Product Name' and 'Revenue'.

[Report/Query Prompts

The screenshot shows the SAP BI Launch Pad interface. At the top, there is a header bar with a user icon, a home icon, the SAP logo, and the text "BI Launch Pad" with a dropdown arrow. Below the header, there is a navigation bar with several icons and labels. The "Prompts" icon is highlighted with a red rectangle. The main area displays a report titled "Product Groups By State (5)". Below the report title, there are two filter sections: "Product Group" with the value "All Values" and "Customer Group" with "2 filters". A modal dialog is open, titled "* Enter value(s) for Product Group". It has a back arrow icon in the top left corner. The dialog contains a text input field with the placeholder "Enter a value manually" and a plus sign icon to its right. Below the input field, there is a list of selected values: "Internals", "Network", "Peripheral", and "Video", each preceded by a checkmark.

[Report Comments - Tool Tip

The screenshot displays the SAP BI Launch Pad interface. At the top, there is a navigation bar with a user icon, a home icon, the SAP logo, and the text 'BI Launch Pad' with a dropdown arrow. Below this is a toolbar for the report 'Product Groups By State (5)', containing icons for save, refresh, filter, and a menu. The main content area shows the report title 'Product Groups By State' above a table. A yellow callout bubble points to a user comment overlay, stating 'Report Comment in interactive viewer'. The comment is from 'Administrator' on 'Apr 11, 2017, 11:56:10 AM' and includes the text 'Check this report'.
